Sirs:

This responds to your public information request received in this office on April 20, 2004.

Much of the information you request is a matter of public record and is available for your review in the Medina County Clerks Office. That office is open Monday – Friday, 8AM – 12 Noon and 1 PM – 5 PM here in the Medina County Courthouse. Those records include any easements, grants of right of way, all minutes of any Commissioners Court meetings, and any ordinance or other law rule or regulation of Medina County.

The only other material (of which I'm aware) that may be responsive to your broad request is contained in a file in my office here in the Courthouse. There are approximately 200+ pages of material in the file. You are welcome to peruse the file in my office at your convenience during regular business hours to determine which if any of the documents you wish copies of. Otherwise we will make copies of all of the material in the file and charge accordingly.

Because my staff consists of me, an administrative assistant and a part-time high school student it will be approximately 15 business days to complete the task of copying. That time will begin once you tell me you want copies of everything in the file.

I am not willing to waive the fees for reproducing this material. If you wish for me to proceed to copy the documents in the file, I will notify you of the exact cost prior to having the work done.

Sincerely,

JEB/jaa
