May 6, 2004

Mr. Kenneth L. Bennight, Jr.
2914 Trailend Dr.
San Antonio, Texas 78209-3034

Dear Mr. Bennight:

We will proceed with the work of copying our file on the bridge at Diversion Lake matter. It is my intent to furnish you the file documents I have without engaging in research to determine relevancy, etc.

This, of course, does not include documents filed in the public records of the County Clerk's office. Those are available for public inspection during regular business hours and costs of copies are determined by that office. The law does not require that we undertake that research.

I estimate that we can have a copy of our file available to send to you (upon receipt of payment) by May 21, 2004.

Sincerely,

JEB/jaa
