KELLY CARROLL
Commissioner, Pct. 4

June 9, 1999

Mr. Jim Pipkin
P.O. Box 90263
San Antonio, Texas 78209

Dear Mr. Pipkin:

Enclosed please find a copy of the Medina County Commissioners' Court Minutes dated May 17, 1999, whereby, the County Commissioners have retained the services of Mr. Frank Kennedy of Medina Valley Surveys, Inc., to conduct a study of County Road 271 crossing the Medina River just below the Medina Lake Dam near Mico.

The purpose of this study is due to the possibility of the Texas Department of Transportation constructing a new bridge at the crossing of the Medina River on County Road 271. I also need to inform you that it will be necessary for Mr. Kennedy to cross the fence to mark the County's 50 foot right-of-way.

Please do not hesitate to contact me if you should have any questions or concerns regarding the study. I can be reached at (830) 741-6021.

Sincerely,

DAVID F. MONTGOMERY
COUNTY JUDGE
